## Bigger, Taller, Heavier, Smaller

## Shortest to Longest

Look at Bars A, B, C, and D.

(1) How many squares long is Bar C?
(2) Which is longer, Bar A or Bar E? $\qquad$
(3) Write the letters of the bars in order from shortest to longest.
$\qquad$
Mixed Review and Test Prep
4 How many more counters are needed so that there are 10 counters in all? 4 6

8
10
(A)
(B)
(C)
(D)
